FLAVOR GENERATING ARTICLE

OUR FILE: 33204

Thank you for your order letter dated 21 January 1992.

I have reviewed the specification and drawings and am preparing the specification for filing in Australia, Canada, Japan, Norway, South Korea, Turkey and EPO.

I have no comments on the drawings and look forward to receiving formal drawings as soon as possible.

Attached for your review is a proposed set of claims for South Korea. In Korea, there is a heavy excess claims fee for each claim after 5. Both the examination fee and renewal fee increase in proportion to the number of claims and I have therefore only claimed those features which clearly realise the stated objects of the invention. I should be grateful for Jeff Ingerman's comments on the proposed claims.

Yours sincerely

P.A.D. LLOYD
